*This toolkit was made possible in part through the Health Not Prisons Collective, supported by Gilead Sciences, including SERO Project, Counter Narrative Project, Positive Women’s Network-USA, Transgender Lawn Center and the U.S. PLHIV Caucus.*
You are here because you have partnered with people living with HIV (PLHIV), stakeholders, organizations and networks nationwide to amplify HIV Is Not A Crime Awareness Day (HINAC Day)! The following advocacy social media kit is designed to be used for sample messaging and posts along with resources that will support you and your organization in your own advocacy and social media networks.

Before you get started, a note of gratitude is expressed towards you for joining in on the movement that has been building since 2010! More recently, the Health Not Prisons Collective kicked off the “Ready, Set, REPEAL” Day of Action on September 22, 2022 to signify the push of HR 6111 that has been spearheaded by California Representative Barbara Lee since 2011. We are grateful that you and/or your organization have agreed to support and promote the work of many communities of PLHIV and allies committed to aligning with the efforts to end HIV criminalization. These are fierce and fearless folks that show up to lead networks and coalitions while working their full time jobs, seeking higher learning, leading their families and saving their communities from the violence and systemic harm these outdated HIV criminalization laws perpetuate.

Questions or concerns on how to use this toolkit? Please contact Kamaria Laffrey at kamaria.laffrey@seroproject.com.
HIV Is Not A Crime Awareness Day (HINAC Day) was created to align communities with various stakeholders to stand in unity against the harms and violence of HIV criminalization. The inaugural HINAC Day took place on February 28, 2022, led by joint efforts of the SERO Project and the Elizabeth Taylor AIDS Foundation, and the Health Not Prisons Collective, with support from the planning organizers of the biennial HIV Is Not A Crime National Training Academy, and other networks that support grassroots efforts led by people living with HIV (PLHIV) to end HIV criminalization.

The choice of date, February 28th, is the bridge that connects the recognition of National Black History Month, which houses National Black HIV/AIDS Awareness Day (February 7) and National Women's History month, which houses National Women & Girls' HIV/AIDS Awareness Day (March 10). According to the Williams Institute, reports done in multiple states have found that Black and Brown communities are most impacted by HIV criminalization laws as well as further disenfranchised by HIV incidence rates. Black women and women of trans experience are also disproportionately impacted by these laws. These two demographics are disproportionately impacted by HIV transmission rates and even more so in states that enforce general and HIV-specific laws that criminalize HIV.

This date is also a symbolic nod to the legacy of Elizabeth Taylor, the late actress and AIDS activist, in celebration of her birthday. Taylor was someone who held a tireless commitment to bringing awareness to HIV/AIDS globally. A special "Thank you," to the Elizabeth Taylor AIDS Foundation for their ongoing collaborative support and efforts through their HIV Is Not A Crime campaign and ambassadors.
Whoopi Goldberg announced the inaugural HIV Is Not A Crime Awareness Day on the daily talkshow The View on February 28, 2022.

The overall goal for this awareness day campaign is to provide hands and feet to the actions laid out in various statements and policy recommendations made highlighting the harms of HIV criminalization, thus helping impacted communities OVERCOME over-policing and targeting of their health since the White House administration has included ending HIV criminalization as one of their top priorities with the support of the Office of National AIDS Policy (ONAP). We cannot end the HIV epidemic unless we end the HIV criminalization laws that serve as a barrier to communities everywhere.

If you would like to sign on as an individual and/or organization in support of the movement to end HIV criminalization, click here. If you would like to see a list of individuals and organizations that have already signed on, click here.

"It is time for a unified call to action that shows the support within, behind and for the movement to reform and repeal laws in almost 30 states singling out people living with HIV, sex workers, indigenous people, migrant and immigrant communities and LGBTQIA2S+ people."

WHENEVER YOU POST AN AWARENESS DAY EVENT, TAG AND FOLLOW THE SERO PROJECT AND THE ELIZABETH TAYLOR AIDS FOUNDATION (DON'T FORGET YOUR LOCAL AND STATE ORGANIZATIONS AS WELL) ON SOCIAL MEDIA.

LIKE AND FOLLOW THE HIV IS NOT A CRIME AWARENESS DAY FACEBOOK PAGE FOR EVENTS AND HIGHLIGHTS OF EVENTS YOU SHARE FROM YOUR COMMUNITY EFFORTS THROUGH OUR AWARENESS DAY EVENT SIGN UP FORM.

AS YOU POST ABOUT YOUR EVENTS, INCLUDE OUR HASHTAGS AND TAG US SO WE CAN FOLLOW UP AND SHARE!

“WE NEED THE HISTORY AND HARM BEHIND THESE DEHUMANIZING LAWS TO STOP DISENFRANCHISING PEOPLE LIVING WITH HIV.”

-HINAC DAY SIGN ON LETTER
End HIV Criminalization laws! These laws undermine public health efforts by deterring people from HIV testing/treatment, stigmatizing those with HIV, & communities most impacted—incl POC, women, LGBTQ ppl, sex workers, and the formerly incarcerated.

End the HIV Epidemic? End HIV Criminalization laws! These laws undermine public health efforts by deterring people from seeking HIV testing/treatment, stigmatizing those with HIV, & the communities most impacted by HIV—including POC, women, LGBTQ people, sex workers, and the formerly incarcerated.

End the HIV Epidemic? End HIV Criminalization laws! These laws undermine public health efforts by deterring people from seeking HIV testing/treatment, stigmatizing those with HIV, & the communities most impacted by HIV—including POC, women, LGBTQ people, sex workers, and the formerly incarcerated.

Don't forget to include your #hashtags!
Please note: By participating in the #HINACDay social media campaign (including any of the above hashtags), you consent and authorize the SERO Project, the Elizabeth Taylor AIDS Foundation, the Health Not Prisons Collective and their affiliates to use and share your digital content from your tagged social media (pertaining solely to HIV Is Not A Crime Awareness Day) to promote and report on HINAC Day engagement.
Click on the image and download from the Dropbox folder. If you need support in using these recommendations, please contact Kamaria Laffrey kamaria.laffrey@seroproject.com
Use this template to request a proclamation for your awareness day. If you have already spoken to the proper officials, then you should reference that conversation in this letter. Be sure to enclose your proclamation draft with your letter. Simply click on the document pictured below. You will be directed to create a force copy of a Google Doc. From there, fill in the information within the brackets. Adjust the language of the letter to reflect the details of the event in your community.

Honorable [Name]
[Official Title]
[Mailing Address]

[Date]

Dear [Name],

February 28 is National HIV Is Not A Crime Awareness Day. HIV criminalization is antiquated enforcement of laws that either criminalize otherwise legal conduct or increase the penalties for illegal conduct based on a person’s HIV-positive status regardless of transmission occurring, proof of intent, viral suppression and in many cases without regard to proof of disclosure. According to the Williams Institute, more than two-thirds of U.S. states and territories have enacted HIV criminal laws and are most prevalent in communities disproportionately impacted by HIV/AIDS for Black and Brown Indigenous People of Color, women, LGBTQ+ communities, migrant and immigrant communities, sex workers and people who have experienced incarceration.

This month provides an excellent opportunity for our [City / County / State / School] to demonstrate its support in amplifying the awareness of our community to undo these harmful laws. There is no study or data to support that these laws prevent or lower HIV transmission rates and they work against public health efforts to prevent, test and treat HIV. Moreover, this awareness day serves as a wonderful opportunity to educate the public [or students] on how HIV can be prevented, treated with more options than ever before and how HIV is actually transmitted which many laws disregard as they were written at the onset of the HIV epidemic.

[Your organization’s name] would be honored if you would sponsor an official proclamation to recognize February 28 as HIV Is Not A Crime Awareness Day in [City / County / State / School]. Your proclamation would lend official recognition to the important work of educating the public on HIV and AIDS, as well as emphasize your personal commitment to raising awareness to show the impact these laws have on people living with HIV and vulnerable to HIV. Enclosed, please find a sample proclamation which may help your office compose the appropriate proclamation for [City / County / State / School].

[Insert the following paragraph if you are sponsoring a public awareness event.]

[List of organizations] are sponsoring [describe event] on [day] at [time] at [location]. We hope you will attend this special event to present your proclamation. If you are unable to attend, we ask that you or your official representative read the proclamation to our supporters on [day of the event]. If you or your staff have any questions concerning the request, the sample proclamation or ways to further engage for National HIV Is Not A Crime Awareness Day, please contact me at [telephone number]. I will follow up with your office regarding this request in the next few days. Again, we appreciate your support of National HIV Is Not A Crime Awareness Day. Thank you for your consideration of this special request.

Sincerely,

[Name]

Enclosure: Sample Proclamation Language
SAMPLE PROCLAMATION LANGUAGE

Use this template for sample language to include with the letter when requesting a proclamation for your awareness day. It will guide you to create a proclamation letter. Simply click on the document pictured below. You will be directed to create a force copy of a Google Doc. From there, fill in the information within the brackets. Tailor this language to reflect your state/community.

[Official's office name, county and state]

PROCLAMATION

WHEREAS, According to the Center for Disease Control and Prevention, “HIV rates in [insert statistic relevant to your city/county/state].” and

WHEREAS, According to the AIDSVu interactive mapping system, “In 2020, 68% of people living with HIV in the U.S. resided in the 32 states with specific laws or enhanced sentencing against people living with HIV (PLWH).” and

WHEREAS, [insert specific data of HIV criminalization in your state]

WHEREAS, [insert a statement about MIPA, centering the leadership and voices of those most impacted by HIV criminalization;” and

WHEREAS, [insert details, stats on impact of criminalization on a person once charged or accused]; and

WHEREAS, fewer than 10% of prosecutions involve actual HIV transmission and up to 25% of the cases prosecuted are for spitting or biting, which do not transmit HIV; more education to law enforcement, stakeholders in the judicial system and communities surrounding is needed on HIV transmission; and

WHEREAS, making a change to these laws includes educating communities, lawmakers, public health support staff, and leaders in impacted communities is a critical step to joining states like IA, CA, CO, NC, MO, NV, WA, VA, and GA that have modernized their laws and IL repealed; and

OR

WHEREAS, advocates in [insert state if you are in a state that changed their laws] have worked diligently to reform these laws but have to stay on defense with every new legislation cycle to ensure new laws aren’t created that bring harm to PLHIV; and
